VS ADD® FRAME A
DESIGN FRAME

WHERE YOUR STORAGE TAKES CENTRE STAGE

Whether it's fine wine or elegant glassware – the things you love deserve more than just a shelf. They deserve to be seen. With VS ADD® Frame A, your storage takes centre stage: stylish, functional, and individually curated.

Crafted from black anodised aluminium and smoky glass, this system combines minimalist design with smart organisation. For a home that's not just practical, but truly inspiring – every single day.

Discover how storage becomes a statement.

COMFORT MAKES THE DIFFERENCE

AESTHETIC PERFECTION: THE VS ADD® FRAME A SETS STYLISH ACCENTS

The new VS ADD® Frame A from Vauth-Sagel combines elegant design with high functionality. The sleek base frame can be flexibly combined with wire elements for storing bottles or wine glasses, as well as with a glass shelf – perfectly tailored to individual storage needs.

Thanks to its modular construction, the system can be planned individually and flexibly integrated into various cabinet solutions. The wide range of combination options allows for adaptation to diverse usage scenarios – from kitchens and living or dining areas to exclusive bar and hotel interiors.

ELEGANT STORAGE FOR YOUR FINEST WINES

Bottle holder

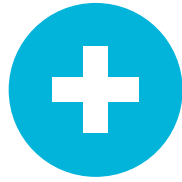

- Made from wire
- Holds 3 half-size bottles or 6 full-size bottles
- Offers optimal visibility and easy access to bottles
- Suitable for various bottle types:
 - Schlegel bottles (approx. Ø 60 mm / height ~380 mm)
 - Bordeaux bottles (approx. Ø 82 mm)

Glass holder

- Complements the wine bottle holder
- Premium presentation of wine glasses and other stemmed or goblet glasses
- When combined with a glass shelf, it creates a high-quality functional base
- Secure and hygienic glass storage
- Space-saving design by using the area beneath the holder

Benefits

For 6 slightly inclined bottles

Glass shelf as storage surface
For 3 slightly inclined bottles. Reversible for left/right installation.

Glass shelf as storage surface
2 rails for sliding on 2–6 stemmed or goblet glasses. Reversible for left/right installation.

4 rails for sliding in up to 8 wine glasses.

SUBTLY ILLUMINATED, STYLISHLY STAGED

For even greater visual impact, the elegant VS ADD® Frame A can be fitted with VS ADD® Light, a discreetly integrated LED lighting. Hidden within the front profile, the split LED strip gently casts glare-free light to the rear – perfectly highlighting both the frame and its contents.

The lighting is controlled via a central unit, allowing flexible adjustment of brightness and colour temperature to create the perfect mood for any moment.

A fine detail that makes all the difference – for even more everyday comfort.
